Commonwealth War Graves Commission Headstones

The Defence Department, in 1920/21, contacted the next of kin of the deceased World War 1 soldiers to see if they wanted to include a personal inscription on the permanent headstone at St. John the Evangelist Churchyard at Sutton Veny. Space was reserved for 66 letters only (with the space between any two words to be counted as an additional letter) & the rate per letter was around 3 ½ d (subject to fluctuation).

The expense in connection for the erection of permanent headstones over the graves of fallen soldiers was borne by the Australian Government.

(*Information obtained from letters sent to next of kin in 1921*)

A letter dated 5th July, 1921 was sent to Mrs A. Cameron (mother of late L./Cpl. Robert John Cameron) reminding her that a communication from the Defence Department regarding an inscription of the Headstone of her son located in Sutton Veny had not been answered & that non-receipt of a reply within 21 days would be accepted as indicating that she desired no further action.

Lance Cpl. Robert John Cameron does have a personal inscription on his headstone.
