An Inquest was held on the body of George Webber at the Military Hospital, Sutton Veny on 12th November, 1918. Depositions were also taken from the following witnesses:

WILLIAM LEE – 45, Vicarage Street, Warminster, Motor Driver Mechanic. On Saturday last at about 9.45 pm I was driving a Motor Omnibus running from Warminster to Sutton Veny. I was driving up the slope in front of the main Hospital gate, and was in second gear going about three miles per hour. I noticed a soldier put up his hand for me to stop, but being full I did not stop. I did not say anything to him. I then felt a jolt at the back, and the bell rang. I at once stopped, and someone told me I had run over a man. On getting down I found the man had been taken away. A bystander said there was a man riding on the front step, and he jumped off and another man tried to take his place whilst the bus was in motion. I have continually told men not to ride on the step, and I have been threatened by the men if I did not let them get on. I have also asked the Military men to prevent men from riding on the step, but they do nothing about it. I have had men ride on the bonnet of the bus as they will not get off. There were five men on the front seat with me which is supposed to hold two, and I could not see the man on the step. It was very dark at the time.
(Sgd) William Lee.

DOROTHY ROWE - 45, Vicarage Street, Warminster. I was conductress of the bus driven by previous witness. I felt the jolt of the bus but saw no one fall. I at once pulled the bell and the driver immediately stopped, there were then five or six men on the back step, and the inside of the bus was full. One of the men on the step shouted "Stop the bus". I got out at once, and I heard someone say "We've run over a man". It is impossible to stop the overcrowding of the bus, as the men will rush on. I have asked them to be careful and not to push.

JOHN McDONALD, Driver, 1st Battery, Australian Field Artillery, Sutton Veny Camp. On Saturday evening I was sitting on the front seat of the bus returning to Sutton Veny Camp between 9.30 & 10 pm. There was a man standing on the step, he got on as we left Warminster. As we were going up the hill outside the Hospital the man on the step jumped off, another man (Deceased) standing at the side of the road ran after the bus and tried to jump on the step. He missed his foot on the step and fell. I looked over the side and then I felt the jolt, I knew it had gone over him. He seemed to be clear of the wheels. The bus was going very slowly, and stopped at once. The driver could not see. The man came up from behind.

ALFRED WILLIAM PITT, Private, 8th Field Ambulance, A.M.C. Group Clearing Hospital, Sutton Veny. I was a passenger from Warminster on Saturday night/the bus in question. I was standing on the step at the back, the bus was so full I could not get inside. There were three men hanging on behind me. I could see a man standing on the front footboard all the way out. When we were mid-way between the Hospital and the camp he jumped off. A man on the side of the road ran up to take his place and had to dodge the man who had jumped off. He tried to jump on the

bus and missed the step and fell. He was halfway under the bus when I saw him fall I called out "Stop the bus" but the back wheel went over him. The bus stopped within twelve yards. I jumped off and ran down to him. There were a few gathered round him. I looked after him until the stretcher came. I helped him on to the stretcher with three others and he was then carried off to the hospital. The man had only about three hundred yards to go to his camp.

CHARLES EDWARD FENN – Captain R.A.M.C. Military Hospital Sutton Veny. Deceased was admitted to hospital on the 8th inst. at about 9.45 pm. I saw him in receiving room and admitted him to hospital. When I examined him he was suffering from fracture of both thighs, and a long wound about 6 inches long, on either side of the right leg, near the knee, but the fracture was not compound. There was also a fracture of the pelvis. He died from shock at 5 am the following morning. He was conscious on admission, but made no coherent statement about the accident. The injuries were consistent with his being run over by a bus.

(Sgd) Charles E. Penn Capt. R.A.M.C.

JOHN FITTON – Sapper 2nd A.T.C. Sutton Veny Camp. I have seen the body of deceased. His name was George Webber, he was acting Sergeant Cook at No. 3 Cookhouse, Sutton Veny Camp.

Commonwealth War Graves Commission Headstones

The Defence Department, in 1920/21, contacted the next of kin of the deceased World War 1 soldiers to see if they wanted to include a personal inscription on the permanent headstone at St. John the Evangelist Churchyard at Sutton Veny. Space was reserved for 66 letters only (with the space between any two words to be counted as an additional letter) & the rate per letter was around 3 ½ d (subject to fluctuation).

The expense in connection for the erection of permanent headstones over the graves of fallen soldiers was borne by the Australian Government.

(Information obtained from letters sent to next of kin in 1921)

Lance Corporal George Webber does have a personal inscription on his headstone.
